

Aloe First®

Aloe First is an excellent addition to any first aid kit. This exclusive skin soothing formula is an excellent first step for soothing minor skin irritations. Formulated in a base of stabilized Aloe Vera Gel, Aloe First contains Bee Propolis, Allantoin and eleven exclusive plant extracts:

- Bee Propolis increases the natural skin-soothing and cleansing properties of the Aloe Vera Gel.
- Allantoin is a beneficial ingredient found in many plants, including aloe.
- Eleven carefully selected plant extracts, also known for their beneficial properties, complete this powerful formula.

The combination of aloe and herbs provide a naturally soothing, pH-balanced spray that is easy to apply to even sensitive skin. Aloe First is designed to soothe the skin after minor cuts, scrapes, burns, and sunburn.

Other uses for Aloe First include spraying on hair to help ward off the elements. It is even used in some hair salons as a pre-perm solution, as it helps

combat the drying effects of perming solutions. Aloe First is especially soothing after waxing.
