

Forever Bee Honey®

Bees make honey by traveling from flower to flower, removing the rich nectar, storing it briefly to mix with their enzymes, then depositing the honey in their hives. Throughout the ages, honey has been recognized as a premium natural food - a storehouse of nutritional goodness that is easily digested.

Honey contains many healthful substances including natural sugars (glucose, fructose and sucrose), and trace minerals, vitamins, enzymes, proteins and amino acids.

Forever Bee Honey is an all-natural, delicious sweetener loaded with nature's goodness. Easily assimilated, Forever Bee Honey is a quick and nutritious energy source for any occasion!
